

TACTICAL TEAM COURSE

COURSE: Tactical Team Course (TTC/TIER I-CQB I)
(13-17 July 2009. Course will be hosted by the Satucket Regional
Tactical Team and will be held in the Bridgewater, Ma area)
NOTE: The TTC is Missouri and Arizona POST approved.

PURPOSE: This course is designed for "entry to basic level" personnel destined for assignment to a tactical team or an entire "newly formed" tactical team with no or limited previous tactical experience and covers the initial training of the members. Training will include marksmanship with the handgun, submachine gun/carbine, assault rifle, and shotgun, as well as introductions to tactical team equipment, room combat/CQB (TIER I-II), tactical team medicine, personnel handling, assault team level planning, and a variety of dry fire scenarios with a progression to TIER I-II live fire room combat/CQB.

PRE-REQUISITES: The TTC Program is designed towards the instruction and training of the entry level tactical team and its members. Attendees should be personnel destined for or assigned as members of an operational tactical team. This program is also beneficial to any tactical team members who have attended some type of training in the past and are looking towards improving/refreshing their skills. Each attendee must be proficient as per their respective departments patrol rifle/sub-machinegun qualification policy and have their respective weapon battle sight zeroed to them prior to attendance.

SPECIAL INFORMATION: The TTC is performance oriented training conducted in a high risk environment. To successfully complete the course a student must progress through increasingly difficult training. Testing will involve performance oriented "hands-on" application of the skills learned. The TTC Program has numerous live fire exercises, physical challenges, classroom lectures/conferences and graded presentations.

CLASS SIZE: The course is limited to 24 personnel and will fill quickly. Attendance by element or team is highly recommended but not required. Tuition is \$400.00 per student.
